Intelligent Workforce Solutions
for **Hospitality**

In the hospitality industry, your service reputation is on the line. Having the right staff, with the right qualifications, scheduled in the right location, on time and within budget, is key to your success.

We understand the many challenges of managing your workforce. In an industry with high numbers of casual and part-time staff, 24 hour a day scheduling, and hundreds or thousands of staff to manage, we have solutions that help. By ensuring you are staffed appropriately at all times, you can consistently deliver high levels of service.

Centralised Administration

Whether dozens of staff in one location or thousands across multiple, our solution provides you with the centralised administrative capability you need to run your business more efficiently.

Simple Scheduling & Rostering

Take the guess work out of estimating labour costs at the time of scheduling, while enabling compliance with your work rules. Simplify the time-consuming and complex task of staff scheduling and generating the optimum schedule every time.

Volume Rostering

Optimise rosters based on standard business fluctuations in: revenues, transaction volumes, or seasonality for greater efficiency and productivity.

Self-Service

With high numbers of casual and temporary staff, accelerating on-boarding and engaging with your workforce is critical. Our mobile ready applications improve employee productivity, providing staff with the ability to access their schedules, accept & reject shifts, update availability, and view & submit leave requests.

Time & Attendance

From biometric devices to mobile applications, Tambla time collection options put an end to the laborious task of manually collecting and entering employee time sheet information. Our automated data collection provides real-time insight when needed.

Award Interpretation

From interpreting employee time sheets to costing rosters, our comprehensive award interpretation manages the most complex work rules.

Payroll Integration

Seamless integration into your existing payroll system eliminates the need for manual intervention and reduces human error. Tambla WFM ensures that the correct hours are transferred to payroll accurately and your workforce is paid correctly and on time.

Reporting

Quickly and easily monitor trends, control overtime, compare budget to actual and improve planning & forecasting with our fully integrated reporting suite.

Safety

Tambla WHS lowers overall risk and can reduce costs, claims, premiums and potential fines.
