Intelligent Workforce Solutions
for **Temporary Staff Services**

When placing staff your reputation is on the line. Having the right staff, with the right qualifications, on time and within budget, is key to your success.

Centralised Administration

Manage all of your clients' staffing requirements in one place, with the centralised administrative capability you need to run your business more efficiently.

Simple Scheduling & Rostering

Take the guess work out of estimating labour costs at the time of scheduling while enabling compliance with your customers work rules. Simplify the time-consuming and complex task of staff scheduling and generate the optimum schedule every time.

Self-Service

With high numbers of part-time and shift working staff, accelerating on-boarding and engaging with your workforce is critical. Our mobile ready applications improve employee productivity, providing staff with the ability to access their schedules, accept & reject shifts, update availability and view & submit leave requests.

Time & Attendance

From biometric devices to mobile applications, Tambla time collection options put an end to the laborious task of manually collecting and entering employee time sheet information. Our automated data collection provides real-time insight when needed.

Award Interpretation

From interpreting employee time sheets to costing rosters, our comprehensive award interpretation manages the most complex work rules across a variety of industries.

Payroll Integration

Seamless integration into your existing payroll system eliminates the need for manual intervention and reduces human error. Tambla WFM ensures that the correct hours are transferred to payroll accurately, your workforce is paid correctly and on time.

Job Order & Billing

Provisioning of staff for current and future jobs. Providing advanced notice of any shortfall and ensuring staff are scheduled based on their skills. Our client billing option enables accurate and timely invoices to be generated automatically based on the hours completed.

Reporting

Quickly and easily monitor trends, control costs, compare budget to actual and improve planning and forecasting with our fully integrated reporting suite.
